

Oolacile Township

Oolacile Township (

■■■■■■) is a Location in Dark Souls. It is accessible via Royal Wood, and leads to the Chasm of the Abyss.

Information

The **Oolacile Township** is a once-thriving city that has been corrupted by the Abyss, transforming its citizens into monstrous beings. This area features numerous enemies, dark magic-wielding sorcerers, and a variety of hidden treasures. The township connects to other key areas in the *Artorias of the Abyss* DLC and contains notable NPCs, shortcuts, and items.

Walkthrough

Entrance

- After exiting the coliseum where **Knight Artorias** is fought:

- **Right Path:** Leads to the **Trial of Champions** arena.
- **Left Path:** Leads to a locked door requiring the **Crest Key**, which is found later in the area.

Shortcuts

- A shortcut mirroring the **Royal Wood** mechanics is located in the right-hand building past an area crowded with enemies.
- This shortcut can save significant time when traversing the township.

Notes

- Light sources are crucial for discovering hidden areas and treasure in this dark and corrupted zone.
- Dark magic can be overwhelming; items like the **Silver Pendant** are essential for survival.
- Many items require precise platforming and exploration of the area's vertical design.

Trivia

- The messages "Light ahead..." and "Hidden path..." are unique to the Oolacile Township, encouraging the use of light mechanics introduced in the DLC.
- The transformation of the city is a thematic parallel to the descent into the Abyss seen in other parts of the game.
